Georgia SoftWorks (GSW) announces Cogito Software Co., Ltd (Cogito) as a reseller of the [GSW Telnet Server for Windows](#) and [SSH Server for Windows](#). Cogito joins GSW's continuously growing network of global resellers.

"Cogito Software is a constantly growing company who is committed to delivering the best products to their customers. This partnership between GSW and Cogito will be beneficial for everyone. We are glad to have them as a part of our team," said Doug Hitchcock of Georgia SoftWorks.

Based in Beijing, China, [Cogito Software Co., Ltd](#) is a private company established in 2000. Their aim is to creatively market products and effectively distribute the best solutions to users in Asia. Currently, they serve over 40,000 active users. They have been working closely with over 2,000 resellers, retail shops and online stores. They show up in the largest related retail chains and online shops. Their sales forces keep circulating their product information through these effective sales networks. They provide users with high-quality products as well as the best and most professional service.

Georgia SoftWorks is a privately held software development company located in Dawsonville, GA, USA who is most recognized for the development of the [GSW Telnet Server for Windows](#) and [SSH Server for Windows](#). GSW software is used in a variety of industries, including airlines, manufacturing and warehousing, government, education, grocery stores, medical office, aircraft carriers and more. They have end users and resellers on every continent.

Cogito serves users in government, education and commercial sectors, making it an excellent match for the GSW software. The GSW software products provide unsurpassed security, which is essential in the industries that Cogito services.

"The reseller partnerships are an important aspect of our business," said Hitchcock. "Each reseller signifies another company and network of people that trusts our software, our support and our business."

#### About Georgia SoftWorks:

Established in 1991, Georgia SoftWorks is a privately held software development company recognized for creating high performance data communications, system and telecommunications applications. Georgia SoftWorks has obtained a worldwide presence with its industrial SSH/Telnet Server for Microsoft Windows. GSW's long-term commitment to SSH/Telnet has led to the pioneering of major features such as Session Shadowing, Session Monitoring, Graceful Termination, Automatic Logon, Logon Scripting and more recently Team Services technology which allows mobile device users to transfer, swap, share and recover mobile device sessions. GSW has also provided the very first SSH Server to provide Digital Certificate Authentication with a Internet Information Server (IIS) like certificate-to-user account mapping. This includes 'One-to-one' and 'Many-to-one' mapping methods and also supports certificate trust lists (CTL).
