

## Chicago Reseller Reaches 10 Years of Selling GSW Telnet Server for Windows

Georgia SoftWorks thanks Advanced Solutions for 10 years of partnership as an authorized reseller of the GSW [Telnet Server for Windows](#) and SSH Server for Windows.

Dawsonville, Georgia (PRWEB) October 21, 2014

Advanced Solutions has been an authorized reseller of the Georgia SoftWorks [Telnet Server for Windows](#) and SSH Server for Windows since 2004. Located in Chicago, IL, Advanced Solutions is a leading provider of management technology consulting services and outsourcing for SAP and Microsoft.

Founded in 2000, [Advanced Solutions](#) was the first company to provide SAP third party maintenance and support from a US based call center. They specialize in SAP core business consulting, SAP support desk, SAP custom application development and SAP staff augmentation. Advanced Solutions researches and streamlines the supply chain process in a variety of industries, including automotive, retail, production, transportation and more.

"GSW values our reseller relationships. They play a vital role in the worldwide distribution of our software," said Diane Sexton of Georgia SoftWorks. "Advanced Solutions has a strong reputation and vast market experience. They are a great asset to our reseller network. We appreciate the past 10 years of partnership with them and we look forward to more years in the future."

The Georgia SoftWorks UTS has been used in demanding SAP environments since the 1990's, providing consistent operation, high end features, performance and unmatched security, which is essential in the industries that Advanced Solutions serves. Advanced Solutions is an expert with SAP and SAPConsole, making the partnership with Georgia SoftWorks a win-win.

[Georgia SoftWorks](#) is a software company that develops industrial quality software designed for the most rigorous commercial environments. GSW has gained its worldwide recognition from the development of the GSW Telnet Server for Windows and GSW [SSH Server for Windows](#). They have end users and resellers on every continent (except Antarctica) and operate in a variety of industries throughout the world.

About [Georgia SoftWorks](#):

Established in 1991, Georgia SoftWorks is a privately held software development company recognized for creating high performance data communications, system and telecommunications applications. Georgia SoftWorks has obtained a worldwide presence with its industrial SSH/Telnet Server for Microsoft Windows. GSW's long-term commitment to SSH/Telnet has led to the pioneering of major features such as Session Shadowing, Session Monitoring, Graceful Termination, Automatic Logon, Logon Scripting and more recently Team Services technology which allows mobile device users to transfer, swap, share and recover mobile device sessions. GSW has also provided the very first SSH Server to provide Digital Certificate Authentication with an Internet Information Server (IIS) like certificate-to-user account mapping. This includes 'One-to-one' and 'Many-to-one' mapping methods and also supports certificate trust lists (CTL).
